# INDEX TO MACHINERY AND PRODUCTION ENGINEERING

	Page		Page		Page
<b>A</b>		Adaptive control, Developments in	201	Alliance Foundry Co, Ltd:	
AC-Deico Division of General Motors, Ltd:		Adaptive control equipment. General		Exhibits at Die Casting Exhibition 564,	1081
Aspects of mechanized assembly at	42	Electric on a Monarch type 25 NC lathe	922	Almeo Supersephen Division of Great	
ACMI Industrial Division:		Adaptive control equipment. Siemens		Britain, Ltd:	
Range of rigid and flexible Borescopes		DNC and	901	Vertex 7 vibratory finishing machine	19
for inspection of inaccessible positions	117	Adaptive control of machine tools	820	Alumasc, Ltd:	
AEG-Telefunken:		Adaptive control, MTIRA - a fresh		Exhibits at Diecasting Exhibition	557
AEG-Adaptic 101 and 301 adaptive		approach to	54	Aluminium-alloy die castings, Design of	345
control systems	903	Adaptive control. Machines with:		Aluminium alloys. Seminar on the	
AEG-Numerik 311 NC system	903	Jones & Lamson turret lathe	761	machining of	1063
AEG-Numerik 700 DNC system	903	Monarch heavy-duty lathe	922	Aluminium castings. Devcon fixture for	
60-10 process computer	905	Pittler Pidofat 2-spindle chucking	903	holding	900
AERE, Harwell		lathe		Aluminium cylinder block produced by	
Ultrasonic wall-thickness gauging		Toyoda type, GON20-100 cylindrical	1034	the Acurad process	352
equipment	722	grinder		Amalgamated Machinery Corporation:	
AMF Sasib, SpA:		VDF type P 800 NC lathe	905	Large planing machine of cast iron	
Impact 125 automatic cropping machine	419	Adaptive control systems. AEG-Adaptic		and concrete construction	110
ARO Machinery Co, Ltd:		101 and 301	903	AMF Thermatool Inc, USA:	
Types N295 and N297F portable spot		Adaptive control system. Pittler PIAC-L	903	Versatran type E robot with a type 302	
welding guns	276	Adecock, HR, Ltd:		control system	1039
ASEA (Great Britain), Ltd:		High volume production of governor		Ameco Metal, Ltd:	
Isostatic pressing equipment in alloy		weights	964	Details of Ameco alloys, and services	
steel ingot production	248	Adecock & Shipley, Ltd:		from new Coventry office	75
The work of ASEA in the field of		Bridgeport series 11 milling machine	887	Amep Industrial Products, Ltd:	
hydrostatic extrusion	855	Complex set-up on A & S Bridgeport	913	Fiberslip PTFE/glass cloth for dry	
AUTO-DIE 11 program in the Olivetti		Demonstration vehicle	1090	bearings	210
system for 'automating' the production		Milling machine exhibits at Diecasting		Androl 495 synthetic lubricant	117
of press tools	836	Exhibition	558	Andrews-Waltham portable air heaters	907
Abene type VHF 3 milling machine used		Adecock & Shipley (Bridgeport), Ltd:		Annealing furnace. Light-weight hood for	1019
for training at Hoover, Ltd:	478	The 10,000th British-built Bridgeport		Annular bearing arrangements for shaft	
Abrasive belt grinder, Meggitt Megga-		milling machine	27	collars	830
Master type 1-52-U DC	642	Addison Tool Co, Ltd:		Anocut electrochemical forming machines	
Abrasive-belt machine, White type 648		Hungs & Robie heavy-duty pipe bending		on production basis at Rolls Royce,	
Minibelt Speedfinisher	136	machine	207	Ltd:	694
Abrasive belt machining, Stock removal		Tauring Type DR/2 ring rolling		Anocut Engineering Co:	
by	677	machine	711	Digital read-out equipment exhibits	
'Abrasive centre' Jones & Lamson TNC		Addison-Chamnel Midlands Showroom	1005	at Chicago	501
1040, external grinding machine	845	Aerostatic, Ltd:		Apachi industrial fuel gas for cutting	
Abrasive Developments, Ltd:		Fluidic externally-pressurized bear-		operations	78
The AD Aqua-Jet Tempest industrial		ings for high-speed operation with air		Applied Research Laboratories, Ltd:	
washing process	153	or water or other gases or liquids	226	Bausch & Lomb Flexiscopes for	
NAC heavy-duty Grit-Gobbler suction		Fluidic externally-pressurized slot-		inspection of inaccessible positions	117
equipment	687	entry fluid bearings	757	Spark test equipment for metal analysis	
Abrasive Industry Suppliers, Ltd:		Aerostyle, Ltd:		at Alfa-Romeo foundry	717
Disco ultra thin diamond wheels	1040	'Handheld' electrostatic flocking gun	78	Apprentice training school opened by	
'Abrasive machine', Norton CPV-2		Agiecut DEM 15 NC wire-electrode		L & H Engineering	810
heavy-duty plunge feed grinder	918	machine in the production of punches		Archer, K, C Eng, MIProE:	
Abrasive machining, Comparison of,		and dies at Olivetti	838	Some applications of gun drilling for	
with other stock-removal processes	673	Air Automation:		producing accurate holes of various	
Abrasive machining, Dissipation of heat		Miniature pilot valves	179	depths	337
in	672	New range of pneumatic cylinders	523	Ardrox, Ltd:	
Abrasive machining, Stock removal by		Air compressor, Volspray type 41/ESH	780	8-385 fluorescent lacquer	1007
Abrasive machining of black bar blanks		Aircraft wing parts, Stretch forming,		Armature rotors, Badalex assembly	
for thread rolling dies	55	with plastics tooling	798	machine for	779
Abrasive-wheel cutting-off machine,		Air cylinders, New range of Kuhnke		Armouring, Tecalan spirally-wound nylon,	
Birkett Cutmaster type M250	375	miniature metric	98	for tubes and wires	828
Abwood Machine Tools, Ltd:		Air cylinder, Submerged, water-cooled	129	A R O Corp (UK), Ltd:	
Type 5025 horizontal-spindle surface		Air gauging equipment for checking taper		Palm sanders	1010
grinder	636	shanks. OMT-Etanic differential	11	Air powered precision lead screw	
Abwood vertical-spindle surface grinders		Air gauging set-up for checking tapers,		tapping units	139
at the works of Mayes & Warwick, Ltd	55	portable	8	A R O Machinery Co, Ltd:	
Achbars, Ltd:		Air-hydraulic pumps, Haskel M series		Portable spot welding equipment for	
Scripta SR 215 Large capacity		of miniature	828	vehicles	998
2-dimensional engraving machine	141	Air-operated planning charts, Enots,	745	Arpal (Engineers), Ltd:	
Accidents, 1969 report of HM Factory		Air Products, Ltd:		Becker & Van Hullen hydraulic	
Inspectorate	730	Apachi industrial fuel gas for cutting		drawing press	548
Accles & Pollock, Ltd:		operations	78	A S H Components, Ltd:	
Convolute tube steering column for		Airflow Developments, Ltd:		Nippon hydraulic accumulators	221
the Ford Cortina	1084	Sensitone industrial stethoscope	286	Ashtad Tool & Gauge Co, Ltd:	
Accumulators, Nippon hydraulic	221	Albany Engineering Co, Ltd: The		acquired by Headland Gauges, Ltd:	529
Acheson Colloids Co:		Polypropylene pumps for electro-		Assemblies, Production of ball bearing,	
New rubber grease	7	chemical machining	834	on a Platarg transfer press	354
Aciera FIA production milling machine	641	Albert Klopfer, GmbH:		Assembly, Aspects of mechanized - at	
Ackworth, Ltd:		Hirth-type couplings	958	AC-Deico	42
New Vertomat 8 rotary transfer		Alcan Booth Industries, Ltd:		Assembly and dismantling operations,	
machine	785	Extruded-section chassis members	406	Bahco hydraulic ram equipment for	850
Acroloc type 71 electro-mechanical NC		Alcatel:		Assembly, Computer controlled	
machining centres	841	New range of numerical control systems	388	mechanized	585
Actuated Controls, Ltd:		Alcoa of Great Britain, Ltd:		Assembly costs. Use of retaining rings	
Type MT direct mounting pressure		Seminar on the machining of aluminium		to reduce	1021
switches	527	alloys	1063	Assembly, Flow-line, of the J-S 1400	
Actuator control valves, Batch production		Alexander, George H, Machinery, Ltd:		surface grinder	534
of, by the cell system	242, 282	Type SHB hydraulic die-sinking	370	Assembly machine for armature rotors,	
Actuators, Truflo Contromatic		machine		Badalex	779
pneumatic rotary	177	Alfa-Laval Co, Ltd:		Assembly system for hydraulic valves,	
Acurad process, Aluminium cylinder		Centrifugal separators, Delavac		Rexroth Module Block	36
block produced by the	352	vacuum units and plate-type heat		Astral Engineers, Ltd:	
Adam Machine Equipment, Ltd:		exchangers at British Leyland Motor		New gold plating techniques. Exhibits	
Aciera FIA production milling machine	641	Corporation factory	518	at 27th SBAC Exhibition	725
Strousek type 70 burnishing machine	754	Alfa-Romeo die casting foundry at Arese	716	Atkin W T (Tottenham), Ltd:	
Adamat 4 six-station chucking automatic,		All-computer control for numerically		Motorized straightening units for	
Wiltzig & Frank	411	controlled machines, New World	751	metal strip	24
Adaptive control, Bendix Dynapath		Allen-Bradley Company, USA: NC Div:		Atlanta Grotnes Machine Co, USA:	
System 4 equipment with	761	System 7300 computerized		British-built starter ring forming	
		numerical control equipment	767	machine to Atlanta Grotnes design	743

Gear boxes, New Opperman Powerflow range of worm .. .	621	Goggles, New Jelaco range of safety	740	Grinding machine, Landis type 1R 30° angular wheelhead plain .. .	472
Gear change mechanism, Plastics used for .. .	548	Goodyer Tools: Comprehensive tooling service offered by .. .	329	Grinding machine, Landis 2R chucking type, cylindrical .. .	1008
Gear-deburring machine, Fasomat type FM 300 .. .	21	Gorton Machine Co: The New numerically controlled and copy milling machines .. .	314	Grinding machine, Landis 4RH cylindrical .. .	1009
Gear finishing machine, Hurth 'Monoroll' .. .	381	Gorton Machine Corporation, USA: Clecreman Products Division: Multi-master multi-spindle drilling and tapping machine .. .	680	Grinding machine, Landis type 5R crank-pin .. .	472, 1009
Gear finishing machine, Red Ring type GFC Rollshave .. .	987	Standard layout drilling and boring machine with digital readout system .. .	680	Grinding machine, Large Churchill roll .. .	965
Gear grinding machine, PTP Redi 420 .. .	646	Vertimatic machining centre with Milwaukee-Matic tool changer and magazine .. .	680	Grinding machine, Lumsden type 91 ML surface .. .	674
Gear grinding machine, Michigan Tool type HGEI-20X24 with tape controlled operating sequence .. .	686	Gough, P J C: Some recent advances in electrical methods of machining .. .	436	Grinding machine, Magerle type F-100 surface .. .	542
Gear shapers, S 6 Sykomatic turret loading, installed at Rover Car Co .. .	659	Goulder, J & Sons, Ltd: Single flank gear tester used for the manufacture of printing machines .. .	1036	Grinding machine, Magerle type FPA 12/500 profile and surface .. .	542
Gears, Brienda type 682 de-burring machine for .. .	884	Governor weights. High volume production of .. .	964	Grinding machine, Matrix No 24 Mark 11 internal thread .. .	864
Gears, Forging, from powder metal preforms .. .	668	Graduates in manufacturing .. .	453	Grinding machine, Matrix series 37/47 type 7 automatic thread, New .. .	639
Gears, Producing differential, from sintered pre-forms .. .	628	Graduating machine, Tabre type 160 .. .	867	Grinding machine, Matrix No 79 tap .. .	367
Gear teeth, Cold-and hot-rolling of .. .	774	Granby, Paul, & Co, Ltd: Dreistern-Werk section rolling and ring forming machines .. .	389	Grinding machine, Mattison bridge-type slideway .. .	169
Gear teeth, Intertherm induction hardening equipment for .. .	15	Graphite electrodes for EDM, Sculptrode equipment for producing .. .	511	Grinding machine, Mattison No 24 duplex rotary table surface .. .	869
Gear teeth, The Oerlikon Spiroflex cutting system for generating bevel and hypoid .. .	894	Gray, The GA, Co: Ring Master vertical turning and boring mills with continuous-path NC .. .	473	Grinding machine, large Mattison slideway, machining hydro-static guideways .. .	169
Gear testers, Goulder single flank, used for the manufacture of printing machines .. .	1036	Gray-Campling, Ltd: Wagner airless paint spraying equipment .. .	582	Grinding machine, Meggitt Megga-Master type 1-52-U DC abrasive belt .. .	642
General Dynamics Corp, USA: Convaire Division: Skate welding for large curved parts .. .	705	Grease, Errut Scoura for removing - from floors .. .	67	Grinding machine, New Moore 2C jig .. .	420
General Electric Co, USA: CommanDir computer numerical control system .. .	701	Green, RL: Electrical services in a new factory .. .	99	Grinding machine, Newall crankshaft, with automatic work-loading and unloading .. .	366
General Motors, Ltd: Aluminium cylinder block produced by the Acruad process .. .	352	Greenwood & Batley, Ltd: Cold heading machines for export .. .	401	Grinding machine, Norton CPV-2 'abrasive machiner' heavy-duty plunge feed .. .	918
General Motors Corp, USA (Hydra-matic Division) Computer controlled mechanized assembly .. .	585	Grid marking equipment, Electromark .. .	100	Grinding machine, Norton No 3 Cam-O-Matic dual-cycle cam lobe .. .	918
General Motors, USA: Programmable controllers replace relays .. .	629	Grid marking equipment, Electromark electrolytic .. .	887	Grinding machine, Norton 16 x 32 type CC-9 Crank-O-Matic crankpin .. .	918
Faststress system for measurement of residual stress .. .	1074	Griesser, Otto, KG: Cross-roller slide assemblies .. .	703	Grinding machine, Polish-built type SOH 10 internal with work handling equipment .. .	862
Generating attachment, Polygon, for Davenport automatic .. .	328	Grimston Machine Tools, Ltd: Series 2/3R co-ordinate drilling and boring machine with digital read-out equipment .. .	140	Grinding machine, Schou type 400 fully-automatic surface, for cylinder blocks .. .	714
Generators, Solid state induction heating, Radyne .. .	174	Grinder, Elliott type 618 precision surface .. .	373	Grinding machine, Sheffield Crushtree wide wheel multi-form .. .	470
Geometric Tool: Hydraulically opened and closed collapsing tap .. .	511	Grinder, Lumsden 3-head surface, for operations on connecting rods .. .	472	Grinding machine, Sheffield Hi-Speed Crushtree plunge .. .	984
Gibbs Smith, A J: The machine tool industry in the USA .. .	992	Grinding and honing machines for ball tracks. Linked .. .	905	Grinding machine, Snow vertical-spindle surface .. .	673
Giddings & Lewis-Fraser, Ltd: Endomatic type HDR heavy-duty drilling, boring and turning machine .. .	371	Grinding attachment Mayform cylindrical .. .	885	Grinding machine, Sundt for large rolls and cylinders .. .	926
Type PMC4 precision machining centre .. .	373	Grinding attachment Miniform form .. .	884	Grinding machine, Surface, Abwood type 5025 horizontal-spindle .. .	636
New demonstration centre at Arbroath works .. .	768	Grinding, carbide, Pope low speed spindle for .. .	988	Grinding machine, Surface, Blohm type HFS 9V hydraulic .. .	542
Giddings & Lewis, Inc: PMC 35 machining centre with automatic tool changing facilities .. .	454	Grinding developments in the USA .. .	402	Grinding machine, surface, Mattison super large horizontal-spindle with numerical control .. .	456
PMC 40 machining centre with NumeriPath 80 computer control .. .	455	Grinding, high speed, of hydraulic brake pistons .. .	822	Grinding machine, surface, Mattison No 48 rotary-table vertical-spindle with numerical control .. .	457
Giddings & Lewis-Fraser Sales, Ltd: 454, 650, 680, 683		Grinding machine, Bendix Besly double verticle spindle disc .. .	470	Grinding machine, Toyota type GCN 15-100 NC camshaft .. .	867
Gildemeister & Co: RN 63 NC turret lathes with Siemens DNC .. .	901	Grinding machine, Boyar-Schultz low speed, for carbide .. .	917	Grinding machine, Toyota type GON20-100 cylindrical .. .	1034
Gisholt Machine Company: No 5 ABC automatic bar-chucking lathe with silicon controlled rectifier system (SCR) to give steplessly-variable spindle speeds .. .	683	Grinding machine, Bryant Centa-Form 16000 high speed external .. .	843	Grinding machine, Tysaman billet and slab .. .	676
Numeri-Lathe HTL 4-axis NC chucking machine .. .	681	Grinding machine, Bryant vertical .. .	789	Grinding machine, Van Norman type 2M Hi-Per-Cycle, for bearing rings .. .	507
Numeri-Lathe HTL 2-axis twin-turret NC chucking machine .. .	681	Centalign C internal .. .	789	Grinding machine, Ward CSG/4VFS 'controlled spiral' tool and cutter .. .	194
Numeri-Lathe NC shaft turning machine .. .	681	Grinding machine, Carborundum (Rowland Division) abrasive-belt centreless .. .	678	Grinding machines, Abwood vertical-spindle surface, at the works of Mayes & Warwick, Ltd: .. .	55
No 5 ram-type turret lathe with silicon controlled rectifier system (SCR) to give steplessly-variable spindle speeds .. .	683	Grinding machine, Cardiaform profile, for tungsten carbide parts .. .	192	Grinding machines, cylindrical, Hindustan Machine Tools types G9 and G131 .. .	423
Glacier Metal Co, Ltd: The, Special Machinery Group: Organization for designing, building, and supplying complete manufacturing plants .. .	734	Grinding machine, Cedar Rapids Kwik-Way traversing head surface .. .	917	Grinding machines, Harig surface and drill point .. .	471
Glasses, New Jelaco range of safety .. .	740	Grinding machine, Christen type 2-32 twist drill .. .	866	Grinding machines, Matrix No 2 universal .. .	367
Gleason Works, USA: Control system for 10,000 gauges .. .	755	Grinding machine, Cincinnati high efficiency .. .	983	Grinding machines, Newall LA cylindrical .. .	908
Globe Machine Co, USA: No 1 multi-purpose machine .. .	969	Grinding machine, Craven 3-wheel roll .. .	675	Grinding machines, Surface, Airtronics wheel height gauging equipment for .. .	767
Type 1 multi-spindle automatic dial indexing machine .. .	785	Grinding machine, double-ended tool and cutter, Hindustan Machine Tools type GT .. .	424	Grinding machines, Twist drill, Dormer model 84 Centapoint .. .	550
Gloves, Delkins RT3 polymer sensitive-touch .. .	197	Grinding machine, Elliott type 618 surface .. .	1041	Grinding, Safety aspects of high-speed .. .	781
Goeckel blade honing tool .. .	797	Grinding machine, Gear, Michigan Tool type HGEI-20X24 with tape controlled operating sequence .. .	686	Grinding, Shoe-type, on a Heald 273A internal machine .. .	750
Goggles, Duraform anti-misting .. .	1070	Grinding machine, Gear, PTP Redi 420 .. .	646	Grinding spindle, high-speed internal, incorporating Aerostatic Fluidic externally-pressurized bearings .. .	226
		Grinding machine, H Ernault-Somua FU 1000 universal surface .. .	410	Grinding spindle, Pope type P1 301 5 .. .	988
		Grinding machine, Jones & Lamson TNC 1040 'abrasive centre' external .. .	845	Grinding. Stock removal by abrasive machining .. .	671
		Grinding machine, Jones & Shipman 1041EF cylindrical and internal .. .	376	Grinding, The importance of speed in .. .	653
		Grinding machine, Jones & Shipman Flow-line assembly of the J & S 1400 surface .. .	534	Grinding, turning, facing and boring machines, Angstromatic, with cartridge-type hydrostatic bearings, for very high finish operations on memory discs .. .	682
		Grinding machine, Karstens type B/S cylindrical .. .	386	Grinding wheel laboratories for Cincinnati Milacron-MSO, New .. .	76

	Page
Grinding work of very small diameter, Centreless .. .. .	340
Gripping tool, Safety, for use in metal rolling .. .. .	393
Grit-Gobbler suction equipment, NAC heavy-duty .. .. .	667
Grommet glands, T & B, for electrical cables .. .. .	600
Grotnes Machine Works, Inc:	
Type 6-HE-28 hydraulic expanding machine for radial stretch forming .. .. .	503
Type 1-8-HS-60-8 hydraulic shrinking machine .. .. .	504
Type 500 rotary roll forming machine .. .. .	504
Guard, Highwood type SL-25, set up on open fronted press .. .. .	229
Guard, Low cost tools for forming a wire .. .. .	191
Guard, Photo-electric, for upstroking press brakes .. .. .	143
Guarding arrangements on grinding wheels undergoing bursting test studies .. .. .	782
Guarding system for a press brake, Lightguard type LH6 .. .. .	1042
Guideway units for machine slides, Ratier-Forrest ball and roller .. .. .	1028
Guiding, Web, Martonair pneumatic servo cylinder and positioner unit for automatic .. .. .	827
Guiliani key cutting machine .. .. .	1007
Guillemin, Sergot & Pegard:	
GSP type FB202 NC turret drilling machine with milling facilities .. .. .	806
GSP type 5B machining centre .. .. .	805
Guillotine automation equipment, W H Electronics .. .. .	649
Guillotine, Cressex WMW mechanical-type .. .. .	647
Guillotine, Edwards-Truecut DD .. .. .	788
Guillotine plate shears, Von Arx type HSD hydraulically-operated .. .. .	414
Guillotine shears, Hammerle hydraulic .. .. .	544
Gunn, A W R:	
Reducing presswork costs with the aid of NC .. .. .	974
Gun drilling for producing accurate holes of various depths, Some applications of .. .. .	337
Gun drills and reamers, Hyper .. .. .	330

## H

HES Machine Tool Inc:	
PDM 200 deep hole drilling machine .. .. .	988
H & H Industries, Inc: Angstromatic Division: Machines with cartridge-type hydrostatic bearings for very high-finish turning, facing, boring and grinding operations on memory discs .. .. .	682
HM Factory Inspectorate - 1969 report .. .. .	730
Hadron, Inc:	
Exhibits at the electro-optical and laser equipment exhibition .. .. .	116
Haesler Machine Tools, Ltd:	
Multifactor unit-construction special-purpose machines .. .. .	387
Hahn & Kolb (Great Britain), Ltd:	
Exhibition of Huller machines for small-and medium-batch production .. .. .	74

Heaters, Andrews-Waltham portable air heating and forming machine, British Federal Welder combined resistance .. .. .	907
Heavy machine tools, The importance of Hedge trimmer, Re-styled plastics moulding motor housing for a Tarpen light weight .. .. .	742
Heid, Maschinenfabrik AG:	
DFK-RAP 250 copying lathe for chucking work .. .. .	384
DFKR-NC 710 copying turret lathe for chucking work .. .. .	384
Heidenhain, Dr Johannes:	
Linear and optical measuring equipment .. .. .	420
Height gauging equipment, Airtronics, for surface grinders, .. .. .	767
Helicopters, Numerically controlled machining of components for, at Turner Manufacturing Co works .. .. .	654
Hellman, Dr K P:	
Making steel ingots by the ASEA-Stora powder-compacting process .. .. .	248
Henry & Wright 100-ton dieing press .. .. .	468
Herbert, Alfred, Ltd:	
Thread and form rolling machine, Type S-10 .. .. .	708
Herbert Associates, Ltd:	
New SMT 35-ton hot chamber die casting machine .. .. .	566
Blohm HFS 9V hydraulic surface grinder .. .. .	542
New thread and form rolling machine .. .. .	708
Herbert Boring & Drilling, Ltd:	
DeVlieg retractable-column Jigmls of very large capacities .. .. .	26
DeVlieg JTC Pacesetter machining centre .. .. .	295
Anocut Engineering exhibits at Chicago .. .. .	501
Anocut machines at Rolls Royce, Derby .. .. .	696
Herbert/DeVlieg 4K-72 NC Jigmls, with Datatrol Mark 3 NC system .. .. .	362
Herbert-BSA, Ltd:	
Computer-aided shop floor scheduling for batch production .. .. .	614
Herbert Small Tools & Equipment, Ltd:	
New dividing heads built to all-metric dimensions .. .. .	847
Hey'di (GB), Ltd:	
Waterproofing compound for machine pits .. .. .	38
Heyligenstaedt & Co:	
NDI-630 NC lathe for turning turbine rotors .. .. .	413

High speed grinding of hydraulic brake pistons .. .. .	822
High-speed grinding, Safety aspects of High temperature effects on die material when die casting ferrous alloys .. .. .	185
Highwood Engineering Co, Ltd:	
Type SL-25 guard set up on open fronted press .. .. .	229
Highwood Mechanical Feeds, Ltd:	
Fully automatic press feeding equipment .. .. .	31
Hillyer Corporation:	
Heavy-duty Hillyermatic type VMC 600 machining centre .. .. .	505
Hindustan Machine Tools, Ltd:	
Centre and front-operated chucking lathes at Hanover .. .. .	390
E2V knee-type, vertical spindle milling machine .. .. .	412
Types G9 and G131 cylindrical grinding machines .. .. .	423
RZ 16 multi-spindle drilling machine .. .. .	412
Hird-Brown, Ltd:	
Type PS 702 photo-electric switch .. .. .	956
Hirth-type couplings .. .. .	958
Hispano-Suiza Righi programme-controlled production lathe, Demonstration of .. .. .	727
Hispano Suiza (Suisse) SA:	
Righi programme-controlled production lathe .. .. .	910
Hitachi Seiki Co, Ltd: Japan:	
Type 6MB 10-7.5 machining centre .. .. .	1036
Hobbing machine, Pfauter P 1251/1501 universal .. .. .	787
Hobson Barnes, Ltd:	
Optimag optical profile projector .. .. .	183
Hoburn Transmissions, Ltd:	
Swarf crushing and oil reclamation plant installation .. .. .	33
Hoffman, Kurt:	
Transfer broaching machine and semi-fully-automatic single-station multi-broach equipment for operations on ball cages .. .. .	130
Types RISZ 10, RAST 10, and RAST 16 vertical broaching machines, .. .. .	419
Hole production by EDM, Precision multiple .. .. .	142
Hole punch modification .. .. .	147
Honeratic centrifugal blasting system, Vacu-Blast .. .. .	985
Honeywell-Atlas, Ltd:	
Atlas polyester resins for processing rollers for steel sheet .. .. .	649
Honing machine, Delapena type VHM 18 vertical .. .. .	367
Honing machine, Micromatic type 15V-25, with in-process gauging system .. .. .	469
Honing machines for ball tracks, Linked grinding and .. .. .	905
Honing machines, Jones & Shipman .. .. .	
vertical spindle, for finishing bores of connecting rods .. .. .	88
Honing tool, Goeckel blade- .. .. .	797
Honsberg transfer machine for connecting rods .. .. .	84
Hood for annealing furnace, Light-weight .. .. .	1019
Hoover, Ltd:	
Abene type VHF 3 milling machine used for training .. .. .	478
Hopkinsons, Ltd:	
Electronic transmission of production data .. .. .	989
Horsfield, M:	
Anomalies in related dimensions of metric face and shell end milling cutters .. .. .	1069
Hot-and cold-rolling of gear teeth .. .. .	774
Hot-forged punches and allied products, Porter .. .. .	650
Hot forging, Producing races for Skefko taper roller bearings by .. .. .	208
Hot upsetting unit for a crank press, Polish-built type PTR .. .. .	863
Hounsell, John, (Engineers), Ltd:	
Hydraulic press exhibits at Diecasting Exhibition .. .. .	565
Howa Sangyo Co, Ltd: Japan:	
Type TC1000A turning centre .. .. .	1034
Hubomat machines, Some arrangements on .. .. .	73
Hugi AG:	
Type PH58 air-hydraulic press .. .. .	642
Huller, Karl GmbH:	
Exhibition of machines for small-and medium-batch production .. .. .	68
The NC MC 100 machining centre .. .. .	68
Hungs & Robie:	
Heavy-duty pipe bending machine .. .. .	207
Hurth, Karl:	
Monoroll rolling machine for gear finishing .. .. .	381
Hydraulic accumulators, Nippon .. .. .	221
Hydraulic-air pumps, Haskel M series of miniature .. .. .	828

Ultrasonic tube wall thickness measuring system, Type WDME .. .. .	707

Ultrasonics, The extending field for	813
Ultrasonics, Ltd:	
Cleaning units for operations on large components	747
Undercutter, Spider machine for under-cutting commutators	707
UniCel vibration monitor	88
Union Carbide, UK, Ltd:	
Detonation gun for applying wear-resistant coatings to turbine blades, rocket nozzles etc	724
UK coatings service plant at Swindon	906
Uniserv, Ltd:	
Uniscop type A gauge and tool projector	141
Unit-construction machines, Multifactor special-purpose	387
Unit construction system in manufacture of Marwin Modula and Modulamic NC machines	588
Unit drilling head, Meddings type HDH 8	790
Unit spindle head, 'Systematic'	23
United Moulders, Ltd:	
Lightweight plastics mouldings for aircraft use	726
United Systems Corporation, USA:	
Type 262A Digital Multimeter	678
Unitools, Hydraulically powered, Redman	20
Universal Motor Co, Ltd:	
New 'Frame H' range of fractional horse-power motors	523
University of Birmingham: (Department of Mechanical Engineering)	
Developments in metal forming techniques	394
Prototype sorting and measuring machine. Demonstration at GTMA Exhibition	227
University of Manchester: Institute of Science and Technology	
Metal cutting - some current problems and developments	445
Observations on the present position of numerical control for machine tools	814
Unloading equipment, The Sahlin Iron	267
Hand for automatic power presses	992
USA - The Machine Tool Industry in the US Baird Corp USA:	
Type 00 4-slide machine	1046
US machine tool industry, Forecasts for the	121
US machine tool exports:	
7E July 8, 7E Aug. 12, 8E Sept. 9, 5E Nov. 4, 8E Nov. 11, 8E Dec. 16	
Used machine tools: Imports and exports of	
5E July 22, 7E Aug. 5, 5E Oct. 28, 8E Nov. 4, 5E Nov. 18, 5E Dec. 23,	
US Trade Center, The	
Exhibition of electro-optical and laser equipment	115
Upsetting unit for a crank press. Polish-built type PTR hot	863
Utita type AF/30 deep-hole drilling machine	702

## V

V & O Press Co, Inc:	
Partmaster straight-side presses exhibits at Chicago	469
Slotmaster high speed notching press	469
VDF type P 500 lathe with Siemens direct numerical control	903
VDF type P 800 lathe with AEG direct numerical control and adaptive control equipment	905
Vacseal VS4 hot wall muffle furnace	715
Vacric Control Equipment, Ltd:	
Hyper-Loop electric servo drive systems	316, 805
Vacu-Blast, Ltd:	
Honermatic centrifugal blasting system	965
Valecky, Ing F:	
Design of aluminium-alloy die castings	345, 872
Validator-100, The Brown & Sharpe, co-ordinate inspection machine	211
Valitrol machining/measuring system, Brown & Sharpe	760
Valve, Area Rule diaphragm, with replaceable liner	178
Valve, Double A series 005 miniature solenoid	180
Valve, Dyna-Quip swing-away type ball	286
Valve, Enots manual 3-way sleeve, for isolating a compressed air circuit	829
Valve, solenoid, Desoutter Lang type SV1972/FP flame-proof	175
Valve support frame, Butterfly, made from Lexan plastics material	809
Valve, Truflo type 3000 mini-ball	956
Valves, Air Automation miniature pilot	179

Valves, Batch production of, by the cell system	242, 282
Valves, Bellows Valvair M2 series	
4-way control	175
Valves, Drillim miniature manifold, 3-way	175
Valves, Enots type AC1180 4-way air	958
Valves, New Zest range of solenoid-operated magnetic control	525
Valves, Poppet, New operating heads for Enots	327
Valves, Rexroth Module Block assembly system for hydraulic	36
Van Moppes, L M, & Sons, Ltd:	
Cardiaform profile grinder for tungsten carbide parts	192
Van Norman Machine Co:	
Type 2M Hi-Per-Cycle grinding machine for bearing rings	507
Type 5R milling machine	506
Van Tulcken, Anthony:	
A design for an automatic lathe for light batch production	155
Vanco Machine Co, Ltd:	
MU 40 multiple barrel finishing machine	93
Vandervell Products, Ltd:	
Vandry self-lubricating dry bearing material	36
Varatio, Ltd:	
Strateline driving units on Mulhead drilling and boring machine	310
Variable-speed head for Induma IS/43 milling machine	784
Varley-FMC, Ltd:	
Improvements in gear pump production with an installation of three NC machines	257
Varnamo milling machines, Type U2 Multi-Mill	647
Vaughan Associates, Ltd:	
Hoffmann broaching machines for operations on ball cages	130
See also	381, 413, 418, 419, 787, 984
Vaughan, Edgar, & Co, Ltd:	
Exhibits at Diecasting Exhibition	559
Products that contribute to factory safety	666
Vaughan-Renault Machine Tools (UK), Ltd:	
Rotary transfer machine for Norgren die cast parts	496
Vehicles. A R O portable spot welding equipment for	998
Velodur Metal, AG:	
Velodur-metal cold-welding material for repair work	559
Verdict Gauges (Sales), Ltd:	
Isoma projectors	416
Vero NC Developments, Ltd:	
New Vero numerically controlled multi-spindle drilling machine	568
Versatran 500P industrial robot. Demonstration of automatic work handling on Cowlshaw Walker press	228
Versatran type E robot with a type 302 point-to-point system	1039
Versa-Mil unit. Universal head for Versatool storage cabinets. Partitioning system for	971
Verson Allsteel Press Co: The	
Licence to build PetroForge machines in USA	232
Vertomat 8 rotary transfer machine, New Ackworth	785
Vessel, Large pressure, made from high-strength steel	601
Vesuvius Crucible Co, Ltd:	
Exhibits at Diecasting Exhibition	558
Vibration monitor, UniCel	88
Vibration, Ultrasonic, The extending field for	813
Vibratory finishing machine, Almco Supersheen Vertex 7	19
Vice, Everyman multi-angle	710
Vice, Lockjaw workholding	481
Vice jaws, 'Suregrip' nylon	356
Vice & Workholding Co, Ltd:	
Lockjaw workholding vice	481
Victory-Kidder, Ltd:	
Vigil pitch controlled tapping machines	1036
Volspray, Ltd:	
Type 41/ESH air compressor	780
Von Arx:	
Type HSD hydraulically-operated guillotine plate shears	414

## W

W H Electronics (Halesowen), Ltd:	
Guillotine automation equipment	649
Wafer slicing machine. Crouzet	883
Wagner airless paint spraying equipment	582
Waldes Kohinoor Inc:	
	1021

C Walker & Sons, Ltd:	
New steel stockholding centre of	1071
Walker, James, & Co, Ltd:	
Kits of totally-enclosed copper asbestos washers to suit BSP threads	707
Waltec Machine Tools, Ltd:	
18/24H range of automatic-cycle production milling machines	377
Walterisation Co, Ltd: The	
Waltergel P 5 derusting treatment	207
Ward Grinders, Ltd:	
CSG/4VFS 'controller spiral' tool and cutter grinder	194
Warner & Swasey Co, USA:	
Large 2 AC single-spindle chucking automatic with pre-set tooling	685
Large 3 AB single-spindle bar automatic with numerical control	684
Three new lathes (SC-10-NC, SC-15-NC and SC-17-NC) at Chicago	512
Direct computer control system	433
Warren, A P, Ltd:	
Warsaw Technological University:	
A rocking-die technique for cold-forming operations	792
Washers, Walker kits of totally-enclosed copper asbestos	707
Washing and degreasing units, Sato	710
Washing machine, Westwood 'mini' modular industrial	67
Washing process, The AD Aqua-Jet	
Tempest industrial	153
Water-cooled air cylinder, Submerged	129
Waterproofing compound for machine pits, Hey'di	38
Wavis Engineering Development Co, Ltd:	
6-station in-line transfer machine for small-end bores of connecting rods	82
Wearing, R S:	
Design of combined journal-thrust hydrostatic bearings (the Yates bearing)	301
Webster Manufacturing (London), Ltd:	
Canada:	
High intensity lighting for die casting inspection	876
Weighing, balancing and grading connecting rod assemblies. Schenck transfer line for	84
Weisser, Eugen, & Co:	
Goliath heavy-duty centre lathe	384
Welconstruct Co, Ltd: The	
Manufacturing centre for producing spare parts	749
Weld mill, longitudinal, for production of welded tube in austenitic stainless steels at Walsall works of TI Stainless Tubes, Ltd	291
Weldall & Assembly, Ltd:	
Exhibits at the Sheet Metal Exhibition	1066
Welding Alloys, Ltd:	
WASA 'Seventy' semi-automatic welding unit	311
Welding, automatic, of Dexion Speedlock pallet-racking components	195
Welding Controls, Ltd:	
Small water-cooled TIG torch	107
Welding, Electron beam, and electro-chemical forming as production processes	694
Welding gun, Portable Welders redesigned type S126 production spot	295
Welding guns, ARO type N295 and N297F portable spot	276
Welding Institute: The	
Miniature friction welding machine for the Machine Tool Division of MINTEC	101
Training courses in welding	848
Welding machine, Miniature friction, developed by the Welding Institute	101
Welding methods on parts for modern metal furniture	753
Welding Products International, Ltd:	
Automatic welding of Dexion Speedlock pallet-racking components	195
Kempomig 400 automatic CO2 welder	481
Welding, Skate, for large, curved parts	705
Welding, Thick section, with Dynaweld 1488 electron beam	266
Welding, Training courses in	848
Welding unit, CO2, Kempomig 400 automatic	481
Welding unit, New WASA 'Seventy' semi-automatic	311
Wellman Incandescent Furnace Co, Ltd:	
Continuous CHAL oven for washing, drying and tempering ball bearings and rings	278
Wells-Krautkramer, Ltd:	
Ultrasonic tube wall thickness measuring system, Type WDME	707
Wendt, Fritz: Germany	
Producing form tools by electrolytic grinding	848
Werner, Fritz:	
Milling machines, 2.5 range of	993
